**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I believe healthy competition is a win for a free and open market place and protects me the customer from rate hikes and being held hostage by large companies that don't deliver on quality products or service.

I have Sonic broadband fiber for my business and my home and found them to be a healthy change to the poor customer service experience of AT&T and Comcast that I had in place before. I am paying less for a better product.

Thank you
